Important Instructions for College Fee Payment

Students and parents must follow the instructions below carefully when paying college fees online to avoid payment failures or incomplete fee submissions:

- For college fees, both Challan 1 and Challan 2 must be paid simultaneously in the same session. Paying only one challan will result in an incomplete payment.
- Ensure a stable and uninterrupted internet connection during the payment process to prevent transaction failures.
- When paying via Credit Card, Debit Card, or Mobile Wallets, check the maximum transaction limit set by your bank before initiating payment, as college fee amounts can be substantial.
- Do not close the browser or refresh the page during the payment transaction.
