REGULATIONS: MEPCO-R2019 [Common to all B.E. / B.Tech. Degree  
(8 – Semester / 6 - Semester LES) Full-Time Programmes] (w.e.f. 2019 – 2020)

CHOICE BASED CREDIT SYSTEM (CBCS)

Degree of Bachelor of Engineering / Bachelor of Technology

## 1. PRELIMINARY DEFINITIONS AND NOMENCLATURE

In these Regulations, unless the context otherwise requires:

- I. "Programme" means Degree Programme, that is, B.E. / B.Tech. Degree Programme.
- II. "Discipline" means Branch or specialization of B.E. / B.Tech. Degree Programme, like Civil Engineering, Information Technology, etc.
- III. "Course" means a theory or a laboratory subject that is normally studied in a semester, like Mathematics, Physics, Engineering Graphics, and Circuit Theory etc.
- IV. "Chairperson, Academic Council" means the authority of the Autonomous Institution who is responsible for all academic activities of the Institute/Departments for implementation of relevant Rules and Regulations.
- V. "Controller of Examinations" means the authority of the Autonomous Institute who is responsible for all activities of the End semester Examinations.
- VI. "Head of the Institution" means the Principal of the campus.
- VII. "Chairperson, BoS" means Chairperson of Board of Studies of each faculty.
- VIII. "Head of the Department" means Head of the Department concerned.
- IX. "Credit" means a numerical value allocated for each course to describe the student's workload required per week.
- X. "Grade" means the letter grade assigned to each course based on the range of marks specified.
- XI. "Grade Point" means a numerical value (0 to 10) allocated based on the grade assigned to each course.
- XII. "University" means Anna University, Chennai.
- XIII. "LES" means Lateral Entry Scheme.
- XIV. "CBCS" means Choice Based Credit System.
- XV. "Course Instructor" means the faculty of the concern theory or laboratory course who handle the course.
- XVI. "Course Coordinator" means the faculty of the concern theory or laboratory course who coordinate the entire course.
- XVII. "Core Elective" (CE) course means the courses which are applicable only for the concerned programme students only.
- XVIII. "Open Elective" (OE) course means the courses which are open to all the UG programme students.
- XIX. "Allied Elective" (AE) means a course which can be opted by students of UG programme other than students of the hosting programme

- XX. "Value Added Course" (VAC) means a course that will be offered by the department to bridge the gap between the curriculum and the requirements of the industry, which could be selected by any student in the college.
- XXI. "Special Course" (SPC) means a course for the registered students of concerned programme, to be offered by experts from reputed industry/institution in India/Abroad.
- XXII. "Audit Course" (AUC) means a course which could be audited by the students across any programme in the college.
- XXIII. "Online Course" (OLC) means a course that would be offered by premier institutions like IITs, IISc, etc. through online platform (NPTEL / GIAN / CCNA / CISCO / ORACLE / ANSYS / LABVIEW / MOOCS / COURSERA, etc.) suggested by the concerned Department.
- XXIV. "Internship" (IS) or Fellowship means a period of time that the student would be deputed to undergo in-house training in reputed Industries or R & D organizations.
- XXV. "Integrated Aptitude Skills" (IAS) means an aptitude training provided in areas like verbal ability, logical reasoning and quantitative aptitude so as to enhance the employability of students.
- XXVI. "Theory Course with Laboratory Component" (TCLC) means a laboratory based theory course.
- XXVII. "Theory Course with Project Component" (TCPC) means a project based theory course.

## **2. ADMISSION PROCEDURE**

2.1 a) Candidates for admission to the first semester of the eight semesters B.E. / B.Tech. Degree Programme shall be required to have passed:

- i. The Higher Secondary Examination of (10 + 2) Curriculum (Regular Academic Stream) prescribed by the Government of Tamil Nadu with Mathematics, Physics and Chemistry as three of the four subjects of the study prescribed under part-III or any other examinations of any University or authority accepted by the Syndicate of the University / Directorate of Technical Education as equivalent thereto.

(OR)

- ii. Should have passed the Higher Secondary Examination of Vocational Stream (Vocational groups in Engineering / Technology) as prescribed by the Government of Tamil Nadu.

2.1.b) Candidates for admission to the second year (LES) of the four year B.E. / B.Tech. Degree Programme shall be required to have passed:

- i. The Diploma Examination in Engineering conducted by the State Board of Technical Education and Training, Tamil Nadu.

(OR)

- ii. An Examination of any University or Authority, accepted by the Syndicate of the Anna University as equivalent thereto.

(OR)

- iii. Any other examination as notified by the Government of Tamil Nadu.

Candidates who have passed Bachelor of Science conducted by the State Board of Collegiate Education, are eligible for admission to the Third semester under LES of the B.E. / B.Tech. Degree Programmes. In addition, any other conditions as notified by the Government of Tamil Nadu will be followed.

2.2. The eligibility criteria such as marks, number of attempts and physical fitness shall be as prescribed by the Syndicate of the University / DoTE from time to time.

## **3. PROGRAMMES OFFERED**

A candidate may be offered admission to any one of the programmes / disciplines of study approved by AICTE, New Delhi and affiliated to Anna University, Chennai.

A list of Programmes / disciplines offered by the Institute with total credits is available in Annexure.

#### **4. STRUCTURE OF THE PROGRAMMES**

##### **4.1 Every Programme will have a curriculum with syllabi consisting of theory and laboratory courses such as:**

1. Humanities and Social Sciences (HS), including Management
2. Basic Sciences (BS) including Mathematics, Physics, Chemistry, Biology
3. Basic Engineering Sciences (BES), including Materials, Workshop, Drawing, Basics of Electrical / Electronics / Mechanical / Chemical / Computer Engineering, Instrumentation, Bio-Technology
4. Core Courses (CC) – Relevant to the chosen specialization/branch
5. Core Electives (CE) – Six numbers of Core Electives relevant to the chosen specialization/ branch are to be selected and will be offered from V semester onwards.
6. Open Electives (OE) – Four numbers of Open Elective courses from the list prescribed in the curriculum which will be offered from V semester onwards, with one course in each semester. The students have to register for this course.
7. Allied Electives (AE) – Two numbers of Allied Elective courses from the list prescribed in the curriculum which will be offered in V and VI semester. The students have to register for this course.
8. Theory Course with Laboratory Component (TCLC) – A theory course with students doing experiments in laboratories associated with theory part.
9. Theory Course with Project Component (TCPC) – A theory course with students doing project works associated with theory part.
10. Project Work, Seminar and/or Internship in reputed organization/Industry.
11. Online Course (OLC) – Four numbers of online courses from III to VI semester (one course per semester) conducted by premier institutions like IITs, IISc, etc. through online platform (NPTEL / GIAN / CCNA / CISCO / ORACLE / ANSYS / LABVIEW / MOOCS / COURSERA, etc.) suggested by the concerned Department.
12. Internship (IS) or Fellowship – Students deputed for undergoing in-house training in reputed organizations.
13. Integrated Aptitude Skills (IAS) – An aptitude training programme conducted for the enhancement of students' employability.

##### **4.2 Course registration**

The Institute will ensure the entering of all the courses that each student is proposing to undergo in the ensuing semester through the college web portal. The courses that a student enrolls in a particular semester may include all the courses of the current semester and all the courses, the student has not cleared in the previous semesters.

##### **4.3 Procedure for the enrollment for the CE, OE / AE:**

The students have to register for the Core, Open and Allied Elective courses through web portal as per the procedure laid down by the institute and approved by the Head of the Institute. The selection of Core, Open and Allied Elective courses shall be done in accordance to the prerequisite of the concerned course. The respective Heads of the Departments offering the Elective course will approve the list of students opting the course.

##### **4.4 New courses may be introduced by the department / institution at any time depending upon the requirement after getting approval from the concerned Board of Studies, Academic Council and Governing Body.**

##### **4.5 Each course is normally assigned a certain number of credits as follows:**

- i. 1 credit per lecture period per week and 1 credit per 2 tutorial periods per week for theory courses.
- ii. 1 credit for 2 periods of laboratory courses.
- iii. 1 credit for 2 periods of technical seminar or 2 periods of mini project work per week.
- iv. 1 Credit for acquiring an international certification in a relevant discipline for showing their competency in the international level (For example: Certified LabVIEW Associate Developer (CLAD), Certified LabVIEW Developer (CLD), Cisco Certified Network Associate

(CCNA), Cloud Computing certification, ANSYS certification, Certified SOLIDWORKS Associate (CSWA), Oracle certification, Java certification, Microsoft certification) and other relevant courses suggested and approved by the HOD, subject to a maximum of 2 credits during their programme.

#### 4.6 Curriculum Structure of a Semester:

The curriculum structure of a semester for any programme shall be designed in any one of the following combinations with a blend of theory courses not exceeding 6 and laboratory courses not exceeding 4, subject to a maximum of 10 courses:

| Semester | Theory Courses | TCLC | TCPC | Laboratory Course | Project Work | Employability Enhancement Courses |
|----------|----------------|------|------|-------------------|--------------|-----------------------------------|
| 1 – 7    | 6              | -    | -    | 2                 | -            | 1*                                |
|          | 5              | -    | -    | 3                 | -            | 1*                                |
|          | 5              | 1    | -    | 2                 | -            | 1*                                |
|          | 5              | -    | 1    | 2                 | -            | 1*                                |
| 8        | 2              | -    | -    | -                 | 1            | -                                 |

\* Only during 1 – 6 semesters

4.7 For the award of the degree, a student has to earn at least the minimum number of credits specified in the curriculum of the relevant discipline / branch of study as mentioned in the Annexure.

4.8 The medium of instruction is English for all courses, examinations, seminar presentations and project report.

#### 4.9 Employability Skills Training:

##### 4.9.1 Integrated Aptitude Skills (IAS)

In order to enhance the employability of students, they are given aptitude training on significant areas like Verbal ability, Logical Reasoning and Quantitative aptitude. The courses on Integrated Aptitude Skills (IAS) are assigned with two credits per course.

The credits earned through Courses will not be considered for CGPA calculation. The performance of the students in this Courses are evaluated through end semester internal examination for 100 marks. If a student gets a pass mark in this Course, then the credits earned will be mentioned in the grade sheet or else, it will not be reflected in the grade sheet.

##### 4.9.2 Integrated Technical Training (ITT)

In order to promote the employability skills of students, they are given technical hands-on training on significant programming environments areas like C, C++, JAVA and PYTHON etc. The choice of the programming language would be updated now and then based upon the new update or release. The courses on Integrated Technical Training (ITT) are assigned with two credits per course.

The credits earned through Courses will not be considered for CGPA calculation. The performance of the students in this Courses are evaluated through end semester internal examination for 100 marks. If a student gets a pass mark in this Course, then the credits earned will be mentioned in the grade sheet or else, it will not be reflected in the grade sheet.

##### 4.9.3 Communication Skills:

In order to improve the communication skills of students, a practical course on “Communication Skills” is introduced with one credit. Students will be evaluated through end semester external examination for 100 marks.

##### 4.9.4 Presentations and language skills:

In order to enhance the presentation skills of students which are greatly expected in employments, a practical course on “Presentations and language skills laboratory” is introduced with one credit. Students will be evaluated through end semester external examination for 100 marks.

#### **4.9.5 Career planning and professional essentials:**

In order to enrich the soft skills of students which are essential for students while attending placement interviews, a practical course on "Career planning and professional essentials laboratory" is introduced with one credit. Students will be evaluated through end semester external examination for 100 marks.

### **5. DURATION OF THE PROGRAMME**

5.1 A student is ordinarily expected to complete the B.E. / B.Tech. Programme in 8 semesters (four academic years) but in any case not more than 7 years (14 semesters). In case of LES, a student is ordinarily expected to complete the B.E. / B.Tech. Programme in 6 semesters (three academic years) but in any case not more than 6 years (12 semesters).

5.2 Each semester shall normally consist of 90 working days or 540 periods of 50 minutes each. The Head of the Department shall ensure that every teacher teaches the entire content of the specified syllabus as per the number of periods specified in the syllabus.

5.3 However, special theory/laboratory classes may be conducted for students who require additional coaching over and above the number of periods normally specified, as decided by the class committee.

But for the purpose of calculation of attendance requirements for writing the End Semester Examinations (as per Clause 6) by the students, only 540 periods per semester conducted within the specified academic schedule shall be taken into account.

5.4 The total period for completion of the programme reckoned from the commencement of the first semester (third semester in case of LES) to which the candidate was admitted shall not exceed the maximum period specified in Clause 5.1 irrespective of the period of break of study (vide Clause 19.1) or period of prevention in order that he/she may be eligible for the award of the degree (vide Clause 17).

### **6. REQUIREMENTS FOR COMPLETION OF A SEMESTER**

6.1 A candidate who has fulfilled the following conditions shall be deemed to have satisfied the requirements for completion of a semester.

Ideally every student is expected to attend all classes and earn 100% attendance. However, in order to allow provision for certain unavoidable reasons such as medical / personal grounds / participation in sports, the student is expected to earn a minimum of 75% attendance. Therefore, he/she shall secure not less than 75% of overall attendance in that semester taking into account the total number of periods in all courses attended by the candidate as against the total number of periods in all courses offered during that particular semester.

6.2 However, a candidate who could secure attendance between 65% and 75% in the current semester due to medical reasons (hospitalization / accident / specific illness) or due to participation in the University / State / National / International level Sports events with prior permission from the Head of the Department concerned can get exemption from the prescribed attendance requirement and he/she shall be permitted to appear for that particular semester examinations.

6.3 Candidates who secure less than 65% overall attendance will not be permitted to write the End-Semester Examinations and are not permitted to go to next / subsequent semester. They are required to repeat the incomplete semester in the next academic year.

### **7. FACULTY ADVISOR**

To help the students in planning their courses of study and for general advice on the academic programme, the Head of the Department of the student will attach a certain number of students to a faculty member of the Department who shall function as Faculty Advisor for those students throughout their period of study. Such Faculty Advisor shall advise the students and monitor the courses taken by the students, check the attendance and progress of the students attached to him / her and counsel them periodically. If necessary, the Faculty Advisor may also discuss with or inform the parents about the progress / performance of the students concerned.

The responsibilities for the Faculty Advisor shall be:

- i. To act as the channels of communication across the HoD, the students of the respective class and Parents.
- ii. To collect and maintain various statistical details of academic and other activities of the students
- iii. To help the chairperson of the class committee in planning and conduct of the class committee meetings.
- iv. To monitor the academic performance of the students including attendance and to inform the class committee.
- v. To attend to the students' welfare activities like awards, medals, scholarships and industrial visits.
- vi. To attend to the students' grievance and redressal requirements and help them.

## **8. CLASS COMMITTEE**

A class committee consists of teachers of the class concerned, student representatives and a chairperson, who does not handle any subject for the class. It is like the 'Quality Circle' (more commonly used in industries), with the overall goal of improving the teaching-learning process. The functions of the class committee include:

- i. Solving the problems experienced by students in the classroom and in the laboratories in consultation with Head of the Department / Dean.
- ii. Clarifying the Regulations of the degree programme and the details of rules therein.
- iii. Informing the student representatives, the academic schedule including the mode and dates of assessments and the syllabus coverage for each assessment.
- iv. Informing the student representatives, the details of Regulations regarding weightage used for each assessment.
- v. Analyzing the performance of the students of the class after each periodic test and finding ways and means of improving the performance of the students.
- vi. Identifying the slow learners and helping them to come up by guidance and/or by providing additional coaching.

The class committee is normally constituted by the Head of the Department. However, if the students of different branches are mixed in each class the class committee is to be constituted by the concerned HODs. The class committee shall be constituted within a week from the date of commencement of a semester. At least 4 student-representatives from the respective class (typically 2 boys and 2 girls) shall be included in the class committee. The Chairperson of the class committee may invite the Faculty Advisor(s) and the Head of the Department to the meeting of the class committee. The chairperson of the class committee is required to prepare the minutes of every meeting, submit the same to the Head of the Department and then to the Principal within three working days of the meeting and arrange to circulate the same among concerned students and teachers.

The first meeting of the class committee shall be held within fifteen days from the date of commencement of the semester. The nature and weightage of continuous assessments shall be informed in the first meeting, and the same shall be communicated to the students. Two or three subsequent meetings in a semester may be held at suitable intervals. During these meetings the student members representing the entire class, shall meaningfully interact and express their opinions and suggestions of the class students to improve the effectiveness of the teaching-learning process.

## **9. COURSE COMMITTEE FOR COMMON COURSES**

Each common theory course offered to more than one discipline or more than one class handled by different faculty members, shall have a "Common Course Committee" comprising all the teachers teaching the course with one of them nominated as Course Coordinator. The nomination of the Course Coordinator shall be made by the Faculty Chairman in consultation with Heads of Departments of the participating discipline. The "Common Course Committee" shall meet as often as possible and ensure uniform delivery and evaluation of continuous assessments after arriving at a common scheme of evaluation (subject to Clause 10). Wherever feasible, the common course committee shall prepare a common question paper for the test(s).

## 10. PROCEDURES FOR AWARDING MARKS FOR CONTINUOUS ASSESSMENT (CA)

For all B.E. / B.Tech. Programmes, out of 100 marks for each paper the maximum marks for continuous Assessment is fixed as 40 for Theory Courses / Theory Courses with laboratory components / Theory Courses with project components and End Semester Examinations carries 60 marks.

However, continuous assessment is for 60 marks for Laboratory Courses and End Semester Examination carries 40 marks and continuous assessment is 120 marks for the Project Work while project report evaluation and viva-voce examination carry 80 marks.

Every faculty member is required to maintain an 'Attendance and Assessment Record' for every semester which consists of attendance marked in each lecture or laboratory or project work class, the test marks, Comprehensive Technical Test marks, attendance marks and the record of class work (topics covered), separately for each course handled by the teacher. This should be submitted to the Head of the Department periodically (at least three times in a semester) for checking the syllabus coverage and the records of test marks Comprehensive Technical Test marks and attendance. The Head of the Department will affix his / her signature and date after due verification. At the end of the semester, the record should be verified by the Head of the Department / Institution who will keep this document in safe custody (for five years).

### 10.1 Continuous Assessment for Theory Courses

The maximum marks for continuous Assessment shall be 40 in case of theory courses. Three assessment tests, carrying 50 marks each shall be conducted by the college. The total marks obtained in all the three assessment tests should be converted to 75 marks and rounded to the nearest integer. The continuous assessment is based on the Assessment marks, Comprehensive Technical Test marks and percentage of attendance. The mark obtained by the students in the Comprehensive Technical Test will be converted and considered as Assignment marks in the internal assessment marks of the courses concern. The criteria for arriving at the continuous Assessment marks of 40 are as follows:

#### (a) Continuous Assessment tests (75% credence)

Three Assessment tests, each carrying 50 marks shall be conducted by the Department / Institution. The total marks obtained in all the tests put together out of 150, shall be reduced to 75 marks and rounded to the nearest integer. This implies equal weight to all the three tests. However, an improvement test at the discretion of the concerned course faculty / Head of the Department may be conducted for deserving candidates at the end of the semester, where the students have to register/request for the improvement test.

#### (b) Comprehensive Technical Test (15% credence)

In order to test the Comprehensive knowledge of the students on the theory course studied in a semester, a Comprehensive Technical Test (CTT) shall be conducted by the course handling faculty member after the third internal test. The question paper for the CTT will be in Multiple Choice Questions (MCQ) format requiring higher level of thinking and understanding for answering. The CTT will be conducted in the online mode with negative marking.

In addition, the faculty members are at liberty to conduct other written Assignments, Tutorials, Quizzes, Case Study Presentations for the betterment of student's understanding of the topics and that may be given due and proper weightage in continuous Assessment test marks.

#### (c) Attendance (10% credence)

A maximum of 10 marks for attendance out of 100 marks shall be given to each student depending on his/her attendance percentage as per the distribution given below:

| Percentage of attendance | Marks |
|--------------------------|-------|
| 75-79                    | 2     |
| 80-84                    | 4     |

|              |    |
|--------------|----|
| 85-89        | 6  |
| 90-94        | 8  |
| 95 and above | 10 |

## **10.2 Continuous Assessment for Laboratory Courses**

The maximum marks for Continuous Assessment shall be 60 in case of laboratory courses. Every laboratory exercise / experiment shall be evaluated based on conduct of experiment / exercise and laboratory manual maintained. There shall be at least one test. The criteria for arriving at the Continuous Assessment marks of 60 are as follows:

Experiment / Laboratory Manual and Observation cum Record / Laboratory Classes performance : 50% credence

Laboratory Test : 40% credence

Attendance : 10% credence – vide 10.1 (c)

## **10.3 Continuous Assessment for Theory Courses with Laboratory Component (TCLC)**

The maximum marks for Continuous Assessment shall be 40 in case of theory courses with laboratory component. The criteria for arriving at the Continuous Assessment marks of 40 are as follows:

### **a) Continuous Assessment for Theory Component**

The continuous assessment marks for theory component of TCLC courses will be based on clause 10.1.

### **b) Continuous Assessment for Laboratory Component**

The continuous assessment marks for laboratory component of TCLC courses will be based on clause 10.2.

### **c) Aggregate Continuous Assessment marks for TCLC Courses**

The criteria for arriving at the aggregate continuous assessment marks of 40 are as follows:

Continuous Assessment for Theory Component : 75% credence

Continuous Assessment for Laboratory Component : 25% credence

The sum of the continuous assessment marks for theory and laboratory components shall then be proportionately converted for 40 marks.

## **10.4 Continuous Assessment for Theory courses with Project Component (TCPC)**

The maximum marks for Continuous Assessment shall be 40 in case of theory courses with Project component. The criteria for arriving at the Continuous Assessment marks of 40 are as follows:

### **a) Continuous Assessment for Theory component**

The continuous assessment marks for theory component of TCPC courses will be based on clause 10.1.

### **b) Continuous Assessment for Project Component**

Criteria for arriving at the continuous assessment marks of 60 for project component of TCPC courses are as follows:

Project work completion : 40% credence

Mid-semester review : 20% credence

Final review : 30% credence

Attendance : 10% credence

**c) Aggregate Continuous Assessment marks for TCPC Courses**

The criteria for arriving at the aggregate continuous assessment marks of 40 are as follows:

Continuous assessment for theory component : 75% credence

Continuous assessment for project component : 25% credence

The sum of the continuous assessment marks for theory and project components shall then be proportionately converted for 40 marks.

**10.5 Continuous Assessment for Project Work**

The maximum marks for continuous Assessment shall be 120 in case of Project Work. There shall be three assessments (each 100 marks) during the semester by a review committee. The students of the project group (of not exceeding 3 students) shall make presentation on the progress made before the committee. The Head of the Department shall constitute the review committee for each branch of study. There shall be a minimum of three members in the review committee. The guide will be an additional member of the Review Committee and he / she should be present during the presentation of his/her group.

The criteria for arriving at the Continuous Assessment are as follows:

| Continuous Assessment |       |          |           |            |
|-----------------------|-------|----------|-----------|------------|
| Attendance            | Guide | Review I | Review II | Review III |
| 10                    | 35    | 25       | 25        | 25         |

10.5.1 The candidate is expected to submit the project report on or before the last working day of the semester.

**11. EXAMINATIONS**

Performance in each course of study shall be evaluated based on (i) Continuous assessment throughout the semester and (ii) End semester examination. Each course, both theory and laboratory shall be evaluated for a maximum of 100 marks. The end semester examination (laboratory and theory) of 3 hours duration shall be conducted between October - December during the odd semesters and between April - June during the even semesters.

**11.1 Theory Courses Examination**

Each theory course shall be evaluated for a maximum of 100 marks.

Continuous Assessment : 40 Marks

End-Semester Examinations : 60 Marks

**11.2 Laboratory courses Examination**

Each laboratory course shall be evaluated for a maximum of 100 marks. The performance of the students in the end semester examinations for laboratory courses are assessed by two Examiners viz. Examiner-I, Examiner-II wherein the Examiner-I would be the laboratory course in-charge and Examiner-II would be the faculty member from the panel of expert nominated by the concern department.

Continuous Assessment : 60 Marks

End-Semester Examinations : 40 Marks

**11.3 Theory Courses with Laboratory Component (TCLC) Examination**

Each Theory Courses with Laboratory Component (TCLC) course shall be evaluated separately for theory component and laboratory component. The theory component will be evaluated vide Clause 11.1 and the laboratory component as 11.2

The criteria for arriving at the aggregate end semester examination marks of 60 are as follows:

End semester theory examinations : 75% credence

End semester laboratory examinations : 25% credence

The sum of the end semester examination marks for theory and laboratory components shall then be proportionately converted for 60 marks.

#### **11.4 Theory Courses with Project Component (TCPC) Examination**

Each Theory Courses with Project Component (TCPC) course shall be evaluated separately for theory component and project component. The theory component will be evaluated as vide Clause 11.1 and the project component as vide Clause 11.2 with the submission of project report.

The criteria for arriving at the aggregate end semester examination marks of 60 are as follows:

End semester theory examinations : 75% credence

End semester project examinations : 25% credence

The sum of the end semester examination marks for theory and project components shall then be proportionately converted for 60 marks.

#### **11.5 Project Work Examination**

The project work shall be evaluated for a maximum of 200 marks each. The Continuous Assessment will be done for 120 marks as per vide Clause 10.5

The award of end semester marks for 80 shall be evaluated by both Internal Examiners and External Examiners, out of which the evaluation of the final report submitted by the student group shall carry a maximum of 30 marks (same marks must be awarded to every student of the project group) while the viva-voce examination shall carry 50 marks (awarded to each student of the project group based on the individual performance in the viva-voce examination) as follows:.

| End Semester Examinations |          |           |          |        |
|---------------------------|----------|-----------|----------|--------|
| Report Evaluation         |          | Viva-Voce |          |        |
| Internal                  | External | Internal  | External | *Guide |
| 15                        | 15       | 20        | 20       | 10     |

\*Due to unavoidable reasons, in the absence of guide during the end semester examination, the Internal Examiner will award the mark for the concerned student.

**11.5.1** If a student, has not submitted the project work report on or before the last working day of VIII semester or has failed in the end semester examination for Project Work, then he/she has to re-register for the Project Work course for re-doing the Project Work and appear for the end semester examination in the subsequent regular semester(s).

#### **11.6 Provision of a scribe:**

The Institution will provide a scribe to students whom are physically incapacitated to write the examination. Detailed guidelines will be available in the Office of the Controller of Examinations for perusal by students.

### **12. REQUIREMENTS FOR APPEARING FOR END SEMESTER EXAMINATION**

A candidate shall normally be permitted to appear for End semester examination of the current semester if he / she has satisfied the semester completion requirements (vide Clause 6) and has registered for examination in all courses of the current semester and all the courses, the student has not cleared in the previous semesters by paying the prescribed fee, failing which, the candidates will not be permitted to attend the class for subsequent semester.

A candidate who has already appeared for any course in a semester and passed the examination is not entitled to reappear for the same course for improvement of letter grades / marks.

#### **12.1 Special Supplementary Examination at the end of VI and VIII Semester**

It is decided to conduct two Special Supplementary Examinations as follows:

- One Special Supplementary Examination shall be conducted immediately after the publication of the results of challenge valuation of the VI Semester for candidates who have

one or two arrears in theory / laboratory courses from I semester onwards to enable students to join the placement process. However students with three arrears and more should not be entertained.

- b. Another Special Supplementary Examination may be conducted immediately after the publication of the results of challenge valuation of the VIII Semester for candidates who have one or two arrears in theory / laboratory courses, only in the VII and VIII semesters. However students with three arrears and more should not be entertained.

Controller of Examination shall publish a schedule of special supplementary examination after the last date of registering for the examination. The pattern of evaluation will be the same as that of the end semester examination. Such appearance in special supplementary examination will be treated as another attempt and it will be reflected in the grade sheet. However, those students who have withdrawn any of the VIII semester courses including Project Work for valid reasons, as per Clause 17, are entitled to appear for the special supplementary examination and their appearance in the special supplementary examination will not be treated as another attempt.

After submission of Project Report, if a student is unable to attend Project Viva-Voce examination in VIII Semester due to valid reasons (medically unfit / unexpected family situations), he/she is eligible to reappear for the special supplementary examination, subject to the number of arrear courses, including Project Work, is limited to two in VII and VIII semesters.

There shall be no special supplementary examination for a student who has failed in the project work offered in the VIII semester. If a student fails in the Project Work, he/she has to re-register for the course, in the subsequent regular semester(s).

### **13. PASSING REQUIREMENTS**

#### **13.1 Theory, Laboratory and Project course**

A candidate who secures not less than 50% of total marks prescribed for the courses (Continuous Assessment + End semester examination) with a minimum of 45% of the marks prescribed for the end-semester Examination in theory, theory course with laboratory components and laboratory courses (including Project work), shall be declared to have passed in the Examination.

#### **13.2 Theory Courses with Laboratory Component (TCLC) and Theory Courses with Project Component (TCPC) courses**

For a candidate undergoing a TCLC or TCPC course consisting of two parts, say A and B, it is mandatory that the student must appear for both the parts (i.e., theory and laboratory or theory and project, as the case may be) in the end semester examination. The candidate is declared as pass in both the parts, A and B of the course, if he/she secures the minimum marks as follows:

|                                         | Theory component | Laboratory / project component |
|-----------------------------------------|------------------|--------------------------------|
| Max. marks for end semester examination | 100              | 100                            |
| Minimum mark for passing                | 45               | 50                             |

If the candidate is absent or fails in both the parts of Theory Courses with Laboratory Component (TCLC) / Theory Courses with Project Component (TCPC) course, the candidate is declared as fail in both the parts and he / she should appear (vide clause 4.2) for both, part A and B in the subsequent semesters.

- 13.2.1 If a candidate fails to secure a pass in a particular part of TCLC/TCPC course, it is mandatory that he / she shall reappear vide Clause 4.2 for that part alone during the next semester when examination is conducted for that part of the course. It is mandatory that he / she should continue to reappear for the examination till he / she secures a pass mark.

#### **13.3 Evaluation of Answer Scripts**

The system of evaluation of answer scripts for theory courses is "Double Valuation" i.e., valuation by two examiners independently. Since the answer scripts are subject to double

valuation, there is no provision for revaluation. Even after a double valuation, candidates are given the right to challenge the valuation. Challenging the valuation is permitted for those students who have applied for obtaining photocopy of answer script. Students can apply for challenge valuation in a theory course, within 2 weeks from the declaration of results, on payment of a prescribed fee along with prescribed application form submitted to the Controller of Examinations (COE) through the Heads of Departments.

Copies of answer scripts for theory courses can be obtained from the Office of the Controller of Examinations on payment of a prescribed fee specified for this purpose through proper application. The copy of answer script is to be valued by a competent authority and the valued script should be submitted to Controller of Examination's (COE's) office along with the prescribed fee for challenging the valuation. The COE will arrange for the challenge valuation and the publications of the results.

Challenging is not permitted for Laboratory Courses, Mini projects, Seminar and for Project work.

#### 14. ENTRY REQUIREMENTS FOR HIGHER SEMESTER

If a student fails to secure a pass in theory courses in the current semester examination, he/she is allowed to write arrear examinations for the next three consecutive semesters and their internal marks shall be carried over for the above mentioned period of three consecutive semesters. If a student fails to secure a pass in a course even after three consecutive arrear attempts, the student has to redo the course in the semester in which it is offered along with regular students. That is, the students should have successfully completed the courses of (n minus 4)<sup>th</sup> semester to register for courses in nth semester.

Based on the above, the following prerequisites shall be followed for completing the degree programme:

- i. To enter into Semester V, the student should have no arrear in Semester I. Failing which the student shall redo the Semester I course/courses along with the regular students.
- ii. To enter into Semester VI, the student should have no arrear in Semester II. Failing which the student shall redo the Semester II course/courses along with the regular students.
- iii. To enter into Semester VII, the student should have no arrear in Semester III. Failing which the student shall redo the Semester III course/courses along with the regular students.
- iv. To enter into Semester VIII, the student should have no arrear in Semester IV. Failing which the student shall redo the Semester IV course/courses along with the regular students.
- v. In case, if he/she has not successfully completed all the courses of semester V at the end of semester VIII, he/she shall redo the Semester V courses along with regular students. For the subsequent semesters of VI, VII and VIII, the same procedure shall be followed, subject to the maximum permissible period for this programme.

#### 15. AWARD OF LETTER GRADES

All assessments of a course will be performed on absolute marks basis. However, for the purpose of reporting the performance of a candidate, the letter grades, each carrying certain points, will be awarded as detailed below:

| Range of Marks         | Letter Grade               | Grade Points (GP) |
|------------------------|----------------------------|-------------------|
| 91 to 100              | O (Outstanding)            | 10                |
| 81 to 90               | A+ (Excellent)             | 9                 |
| 71 to 80               | A (Very good)              | 8                 |
| 61 to 70               | B+ (Good)                  | 7                 |
| 50 to 60               | B (Average)                | 6                 |
| 0 to 49                | RA (Register for Reappear) | 0                 |
| Shortage of Attendance | SA                         | -                 |
| Withdrawal             | W                          | -                 |
| Audit Course           | AU                         | -                 |
| Absent                 | AB                         | -                 |

'RA' denotes Reappearance is required for the examination in that particular course (This grade will figure both in Grade Sheet as well as in Result Sheet.)

'SA' denotes shortage of attendance (as per Clause 6) and hence prevented from writing end semester examination. 'SA' will appear only in the result sheet.

'W' denotes withdrawal from the particular course.

'AU' denotes Audit Course.

'AB' denotes the student is absent for a course/component of a course.

15.1 If a student fails/absent in any one component of a TCLC/TCPC course, the grade RA/AB will be given while publishing the results. The student has to reappear only for the respective component of the TCLC/TCPC course as per clause 13.2.1.

15.2 If a student withdraw any one component of a TCLC/TCPC course and pass in the other component, it will be treated as withdrawal in that particular component only.

15.3 If a student withdraw any one component of a TCLC/TCPC course and fails/absent in the other component, it will be treated as RA/AB for both the components. The student has to reappear for both the components as arrears.

## 16. SGPA AND CGPA CALCULATION

After the results are declared, Grade Sheets will be issued to each student which will contain the following details:

- i. The list of courses enrolled during the semester and the grades scored.
- ii. The Semester Grade Point Average (SGPA) and
- iii. The Cumulative Grade Point Average (CGPA) of all courses enrolled from first semester (third semester in case of LES) onwards.

During each semester, the list of courses enrolled and the grades scored in each course are used to compute the Semester Grade Point Average (SGPA). SGPA is the ratio of the sum of the products of the number of credits of courses registered and the grade points corresponding to the grades scored in those courses, taken for all the courses, to the sum of the number of credits of all the courses in the semester.

$$SGPA = \frac{\sum_{i=1}^n C_i GP_i}{\sum_{i=1}^n C_i}$$

C – Credits assigned to each course

GP – grade point corresponding to the letter grade obtained for each course.

n – number of Courses successfully cleared during the particular semester in the case of SGPA and during all the semesters in the case of CGPA.

CGPA will be calculated in a similar manner, considering all the courses enrolled from first semester (third semester in case of LES). "RA", "SA", "W" and "AU" grades will be excluded for calculating SGPA and CGPA.

### 16.1 Conversion of CGPA to percentage of marks

The equivalent percentage of marks shall be calculated from the Cumulative Grade Point Average (CGPA) by multiplying with a factor of 10.

## 17. ELIGIBILITY FOR THE AWARD OF DEGREE

### 17.1. A student shall be declared to be eligible for the award of the B.E. / B.Tech. Degree provided,

- i. The student has successfully gained the required number of total credits as specified in the curriculum corresponding to his/her programme within the stipulated time.

- ii. The student has successfully completed the programme requirements and has passed all the courses prescribed in all the 8 semesters (six semesters in case of LES) within a maximum period of 7 years (six years in case of LES) reckoned from the commencement of the first semester (third semester in case of LES) to which the candidate was admitted.
- iii. The student has successfully completed any additional courses prescribed by the Chairperson, Academic Council whenever, any candidate is readmitted with regulations other than MEPCO R-2019 (vide Clause 19.2).
- iv. The student has no disciplinary action pending against him/her.
- v. The award of Degree shall be approved by the Syndicate of the University.

## **17.2 Classification of the Degree Awarded**

### **17.2.1 First Class with Distinction:**

A candidate who satisfies the following conditions shall be declared to have passed the examination in First class with Distinction:

- Should have passed the End semester examinations in all the courses of all the eight semesters (six semesters in case of LES) in his/her First Appearance within four years (three years in case of LES).
- Should have secured a CGPA of not less than 8.5
- Should NOT have been prevented from writing end semester examination due to lack of attendance in any of the semesters.
- Withdrawal from examination (vide Clause 18) will not be construed as an appearance.
- One year authorized break of study (if availed of) is permitted in addition to four years (three years in case of LES) for award of First class with Distinction.

### **17.2.2 First Class:**

A candidate who satisfies the following conditions shall be declared to have passed the examination in First class:

- Should have passed the End semester examination in all the courses of all the eight semesters (six semesters in case of LES) within five years (four years in case of LES).
- Should have secured a CGPA of not less than 7.0
- Withdrawal from examination (vide Clause 18) will not be construed as an appearance.
- One year authorized break of study (if availed of) or prevention from writing End semester examination due to lack of attendance is permitted in addition to five years (four years in case of LES) for the award of First Class.

### **17.2.3 Second Class:**

All other candidates (not covered in Clause 17.2.1 and Clause 17.2.2) who qualify for the award of the degree (vide Clause 17.1) shall be declared to have passed the examination in Second Class.

- 17.2.4.** A candidate who is absent for semester examination in a course / project work after having registered for the same shall be considered to have appeared in that examination for the purpose of classification.

## **17.3 Ranks Awarded to Students**

Ranks are awarded for each programme based on the following criteria.

- The number of ranks awarded for each programme is 6 or 10% of the students' strength that programme, whichever is higher.
- The rank of a student is determined from CGPA. However, students who have scored less than 7.5 CGPA will not be eligible for a rank.
- Students should have passed the End semester examination in all the courses of all the eight semesters (six semesters in case of LES) in his/her First Appearance without any break of study.
- However, for other students, a statement indicating their position in the programme will be given on request, based on the CGPA, provided they have passed all the courses within four years (three years in case of LES) of their study.

## **18. PROVISION FOR WITHDRAWAL FROM EXAMINATION**

- 18.1 A candidate may, for valid reasons, (medically unfit / unexpected family situations) be granted permission to withdraw from appearing for the examination in any course or courses in any one of the semester examination during the entire duration of the degree programme.
- 18.2 Such withdrawal shall be permitted only once during the entire period of study of the degree programme.
- 18.3 Withdrawal application shall be valid only if the candidate is otherwise eligible to write the examination (Clause 6) and if it is made within TEN days before the commencement of the examination in that course or courses and also recommended by the Head of the Department and approved by the Head of the Institution with intimation to COE.
- 18.3.1 Notwithstanding the requirement of mandatory TEN days' notice, applications for withdrawal for special cases under extraordinary conditions will be considered based on the merit of the case.
- 18.4 Withdrawal shall not be construed as an appearance for deciding the eligibility of a candidate for First Class with Distinction and First Class.
- 18.5 Withdrawal is NOT permitted for arrears examinations of the previous semesters.
- 18.6 Candidates shall appear, for all the courses withdrawn (vide Clause 18.1), during the examination conducted in the subsequent semester itself.

## **19. AUTHORIZED BREAK OF STUDY FROM A PROGRAMME**

- 19.1 A candidate is normally not permitted to temporarily break the period of study. However, if a candidate happens to discontinue the programme temporarily in the middle of duration of study for valid reasons (such as accident or hospitalization due to prolonged ill health) and to rejoin the programme in a later semester he / she shall apply to the Chairperson, Academic Council in advance, in any case, not later than the last date for registering for the semester in question, through the Head of the Department stating the reasons.
- 19.2 The candidate permitted to rejoin the programme after the break shall be governed by the Curricula and regulations in force at the time of rejoining.
- 19.3 The authorized break of study will not be counted towards the duration specified for passing all the courses for the purpose of classification (vide Clause 17.2.1 and Clause 17.2.2).
- 19.4 The total period for completion of the programme reckoned from, the commencement of the first semester (third semester in case of LES) to which the candidate was admitted shall not exceed the maximum period specified in Clause 5.1 irrespective of the period of break of study in order that he / she may be eligible for the award of the degree (vide Clause 17).
- 19.5 If any student is detained for want of requisite attendance, progress and good conduct, the period spent in that semester shall not be considered as permitted 'Break of Study' and Clause 19.3 is not applicable for this case.

19.6 In case of any valid reasons for extension of Break of Study, it may be granted by the approval of the Chairperson, Academic Council for a period not more than 1 year in addition to the earlier authorized Break of Study. Such extended break of study shall be counted for the purpose of classification of degree (vide Clause 17.2).

19.7 If the candidate has not reported back to the department, even after the extended Break of Study, the name of the candidate shall be deleted permanently from the college enrollment. Such candidates are not entitled to seek readmission under any circumstances.

## **20. INDUSTRIAL VISIT / INDUSTRIAL TRAINING**

Every student is expected to undergo Industrial visits for every year starting from the second year of the Programme. Heads of Departments shall take efforts to arrange at least one industrial visit in a year. The students may undergo industrial training for a total period of 2 – 4 weeks during summer / winter vacation.

## **21. PERSONALITY AND CHARACTER DEVELOPMENT**

All students shall enroll, on admission, in any one of the personality and character development programmes (the NCC / NSS / NSO / YRC) and undergo training for about 80 hours inclusive of attending camps of about seven days. The training shall include classes on hygiene and health awareness and also training in first-aid.

National Cadet Corps (NCC) will have about 20 parades.

National Service Scheme (NSS) will have social service activities in and around the College / Institution.

National Sports Organization (NSO) will have sports, Games, Drills and Physical exercises.

Youth Red Cross (YRC) will have activities related to social services in and around college/institutions. While the training activities will normally be during weekends, the camp will normally be during vacation period.

Every student shall put in a minimum of 75% attendance in the training and attend the camp compulsorily. The training and camp shall be completed during the first year (second year in case of LES) of the programme. However, for valid reasons, the Head of the Institution may permit a student to complete this requirement in the second year (third year in case of LES) also.

## **22. DISCIPLINE**

Every student is required to observe disciplined and decorous behavior both inside and outside the Institution and not to indulge in any activity which will tend to tarnish the image of the Institution.

In the event of an act of indiscipline being reported, the Principal shall constitute a disciplinary committee to enquire the misbehavior.

If a student indulges in malpractice in any of the End semester examination / Continuous Assessment he / she shall be liable for punitive action as prescribed by the Institution from time to time.

Ragging is not at all allowed. Punitive actions will be taken against the students involved in ragging as per the government norms.

## **23. AUDIT COURSE**

UG students can audit courses from UG / PG curriculum based on their areas of interest and is permitted under the following conditions:

- Students with CGPA 7.5 and above will be permitted to 'Audit' the course. However, this would be restricted to a maximum of 2 courses during the entire period of the programme.
- The students have to register for the courses to be audited through Course Registration Form while registering for the semester. The course will not carry any credits. The word "Audit" would be specially mentioned in the remarks column of the student's course registration form. Prior permission of the Course Instructor and the Heads of the Respective Department is required.
- The students would be required to have minimum 75% attendance in the Audit course.

- The 'AU' grade would be awarded, if the attendance is satisfactory and requirements set out by the course instructor are met. Students will be expected to complete the in-semester assessments. If the attendance and performance is not satisfactory the course will not appear at all in the Grade Sheet.
- Students can audit a course provided the course is offered and the time table slot permits.
- The course done by auditing will not be considered for the purposes of calculation of SGPA / CGPA but will be reflected in the Semester Grade Sheet as Audit Course.

#### **24. VALUE ADDED COURSES**

In order to prepare the students to meet the challenges of the global work environment, Value Added Courses are offered to bridge the gap between the curriculum and the requirements of the industry. Value Added Courses are designed and offered by each department for the benefit of the students. Students can undertake the Value Added Courses for better career development. Each Value Added Course is assigned 1 Credit. The credits earned through Value Added Courses will be considered for CGPA calculation. The performance of the students in the Value Added Courses is evaluated through end semester internal examination for 100 marks. If a student gets a pass mark in the Value Added Course, then the credits earned will be eligible for credit calculations and included in CGPA.

#### **25. ONLINE COURSES**

Online Course (OLC) means a course that would be offered by premier institutions like IITs, IISc through online platform (NPTEL / GIAN / CCNA / CISCO / ORACLE / ANSYS / MOOCS / COURSERA, etc.) suggested by the concerned Department. The list of online courses will be decided by the Department and approved by the respective Board of Studies (BoS). The successful completion of each online course of at least eight week duration shall be given 1 credit while courses of duration 12 week and above shall be given 1.5 credits. Even though students can undertake any online course, only such courses approved in the BoS meetings will be considered for CGPA calculation.

#### **26. SPECIAL COURSES**

Interested Students can opt for one special course of 15 or 30 hours duration, approved by the academic council. Special courses will be conducted in the semester holidays by experts from industry/research organizations / higher learning institutions. Each 15 Hour special course is assigned one credit while each 30 Hour Special Course is assigned 2 credits. The credits earned through special course will not be considered for CGPA calculation. Students can complete such special course during the semesters 2 to 3 as and when these courses are conducted by different departments. A student is also permitted to register for special course of other departments, provided the student has fulfilled the necessary pre-requisites of the course being offered and subject to the approval of both the heads of departments. A student can register for a maximum of one special course. The special course will be evaluated by the respective course coordinator within 10 days of the completion of the programme.

If a student gets a pass mark in the special course, then the credits earned will be mentioned in the grade sheet or else, it will not be reflected in the grade sheet

#### **27. FAST TRACK SCHEME**

Fast Track (Pro-internship) scheme is designed specifically for students with good academic credentials to take up internships. It presents a unique opportunity for the students to complete the theory courses of the program in seven semesters. Pro-internship allows students to take up the VIII semester theory courses in VI and VII semesters itself. Students can go for internship during the VIII semester and complete the VIII semester Project Work in well reputed Industries / organizations offering Placement to the students / R & D organizations / Premier Institutions both in India and Abroad, as part of their internship. This is possible only if the Industries / organizations offering Placement to the students / R & D organizations / Premier Institutions allows Internship program with Project and the internship coordinators of the Department concerned are notified well in advance.

### **27.1 Eligibility**

The guidelines presented below will be used to select the students for Fast track

- 1) Students who are in the VI semester with a minimum CGPA of 7.5 up to V semester.
- 2) Those who have completed all the courses up to V semester.
- 3) However only students who complete all the courses up to VII semester will be allowed to proceed with the Internship cum Project.

### **27.2 Application to the Fast Track (Pro – Internship) Scheme:**

Students eligible for Fast Track scheme should apply for the scheme to their HoD within 7 days from the date of publication of V semester results in their VI semester of their study.

### **27.3 Guidelines to be followed:**

- 1) Fast Track students should take at least one VIII semester theory course in VI semester. The rest of the VIII semester theory courses can be completed in VII semester.
- 2) The Fast Track option requires students to attend classes of 4 period duration per week for the VIII semester courses during their VI and VII semesters of their study. If required, students need to attend additional classes during holidays to meet the curriculum requirement.
- 3) Students will be permitted to start the internship only after the seventh semester end terminal examinations
- 4) Students doing the internship should attend the Project Reviews in the scheduled dates. After completion of the internship cum project, the final summative evaluation will be conducted with a view to assign the final score.

### **27.4 Terms and conditions for internship:**

1. The internship should be carried out in a single organization.
2. It should be completed within one semester.
3. All arrangements should be specified in the internship agreement.
4. During long leave period and closure of Industries/R&D organization/Premier Institutions for any reason, during the internship period, the students concerned should continue the work only in the college.
5. Students should adhere to the rules and regulations of the college and Industries/R&D organization/Premier Institutions during the Internship cum Project period.

### **27.5 Termination of the Internship**

1. In the event of prolonged absence of student during the internship or
2. If the student has to discontinue the internship due to unforeseen circumstances during that period or
3. If the performance of the work done by the student in the Industries/R&D organization/Premier Institutions is not satisfactory during the Project Review or
4. If the student violates the college rules and regulations during the Internship cum Project period,

Then the Internship cum Project will be terminated for these students, after due intimation to the company. In such a situation, the VIII Semester Project will be in jeopardy, i.e. these students have to repeat their VIII Semester project in the next academic year.

## **28. INTERNSHIP**

Internship is designed in order to provide industry exposure to all the students. Students can opt for internship during their III to VI semester study in well reputed Industries / organizations offering Placement to the students / R & D organizations / Premier Institutions both in India and Abroad, as part of their internship. This is possible only if the student avail prior permission from the Head of the Department as well the industry counterpart. The terms and conditions and termination of the internship (vide Clause 27.5) is applicable here also.

### **28.1 Guidelines for Internship:**

1. Students need to apply for internship through the Head of the Department.
2. Only reputed industries / Organizations are to be considered by the students for applying internship.
3. The Credits earned by the student for the internship programme is as follows:  
For 4 week continuous internship in a single organization – 1 Credit  
For 8 week continuous internship in a single organization – 3 Credits
4. The students are not allowed to split up the internship periods in multiple companies.
5. The credits earned in this scheme can be included in the CGPA calculation.
6. Also the credits earned in this scheme would be used for dropping any one Allied/Open elective.
7. In case if a student is not able to continue the internship due to any inevitable reason this scheme is treated as cancelled for him/her.
8. The progress of the internship carried out by the student needs to be monitored by the concerned Supervisor by visiting the industry at least once.
9. A committee constituted by the HoD will evaluate the work done by the students through their report and presentation. The grades will be awarded as per Clause 15.

## **29. DROPPING OF CE, OE, AE**

The students have the option of dropping a maximum of 2 elective courses (preferably during final year) if the student has earned enough credits through the International Certification (vide Clause 4.5 (iv)), Value Added Courses (vide Clause 24) with not less than B+ Grade, Online Courses (vide Clause 25) with not less than B+ Grade and Internship (vide Clause 28).

The students should submit the requisition to drop the course in prescribed form for approval by the Head of Department before start of the semester.

## **30. REVISION OF REGULATIONS AND CURRICULUM**

The Institution may from time to time revise, amend or change the Regulations, scheme of examinations and syllabi if found necessary. However, a Standing Committee which shall be formed by Principal on need basis for any special case, which falls beyond the above rules and regulations. They will offer suitable interpretations/clarification/amendments required for special case. All such exceptions will have to be ratified at the next meeting of the Academic Council. The decision of the Academic Council is final.

## ANNEXURE

A candidate may be offered one of the following programmes of study approved by the University. A candidate of a programme should earn the minimum credits specified against it to enable him/her to be eligible to be awarded the degree. The total credit for the following programmes varies between a minimum of 160 to maximum of 180.

| Name of the Programme                                          |                                                 | Minimum Credits |     |
|----------------------------------------------------------------|-------------------------------------------------|-----------------|-----|
|                                                                |                                                 | Regular         | LES |
